## Rules for Responsible Internet Use

The school has installed computers and Internet access to help our learning. These rules will keep everyone safe and help us to be fair to others.

- I will use my school passwords to access the computer network and internet.
- I will not access other people's folders
- I will only use the computers for school work and homework.
- I will not bring in CDs or DVDs from outside school unless I have been given permission.
- I will only e-mail people I know, or my teacher has approved.
- I will not give out my full name, home address or telephone number, or arrange to meet someone.
- I will make sure that I only send kind and polite messages.
- I will report any unpleasant material or messages sent to me. I understand my report will be confidential and would help protect other pupils and myself.
- I understand that the school will check my computer files and will monitor the Internet sites I visit.
- I must ask permission to use the school printers.
- If I break the rules my teacher may stop me using the computers.
